Product Catalog

Poultry and Veterinary
healthcare offering
innovative, non-antibiotic
feed supplements

Product Catalog

Poultry and Veterinary
healthcare offering
innovative, non-antibiotic
feed supplements

Who we are

We are a **knowledge-rich organization**, with a mission to provide **accessible and affordable** healthcare to all. We excel in crafting novel scientific ideas for the development of healthcare and therapeutic products under an **affordable, sustainable and reliable ecosystem**. Integrating our core strength in modern biotechnology and synthetic biology with chemistry, we can deliver a rich portfolio of complex biologics, small molecule APIs & pharmaceutical drug products.

Index

Grow Star	03
Herbolac	03

Lactovir	03
Lactodigin	03
Gastronorm	03
Herba Max-AB	03
Hepasure	03
Maskick	03

Grow Star
A SYNTHETIC BLEND OF NON ANTIBIOTICS GROWTH PROMOTER

Balancing the gut flora
Immunity
Polatability of feed
Feed intake
Feed digestion
Disease resistance
Dressing Yield
Optimises FCR

Consists of

Enzymes:
Protease, Lipase, Hemicellulose, Amylase,
Phytase and Xylanase.

Amino Acids:
Leucine, Valine, Threonine, Glycine,
Tryptophan and Arginine.

Immuno Simulants:
1-3, 1-6 Beta-glucans and beta-carotene.

Prebiotics:
Fructo-Oligosaccharides
Xylo-Oligosaccharides
Lactulose and Inulin

Probiotics:
Isolates of Lactobacillus, Bacillus,
Saccharomyces spp.
class of HERBAL ANTI-OXIDANTS & PHYTOCHEMICALS.

Dosage:
1 kg / Ton feed for all avian species.

Presentation:
1 kg x 10 packs

Note: Not for human consumption
Contains no antibiotic

Herbolac

AN UNIQUE PHYTOMIC FORMULATION TO COMBAT BACTERIAL DISEASES

Balancing the gut flora
Feed digestion
Immunity
Disease resistance
Polatopility of feed
Dressing羽翼
Feed intake
Optimises FCR

| Consists of

Enzymes:
Protease, Lipase, Hemicellulose, Amylase,
Phytase and Xylanase

Amino Acids:
Leucine, Valine, Threonine, Glycine,
Tryptophan and Arginine.

Immuno Simulants:
1-3, 1-6 Betaglucans and Beta carotene.

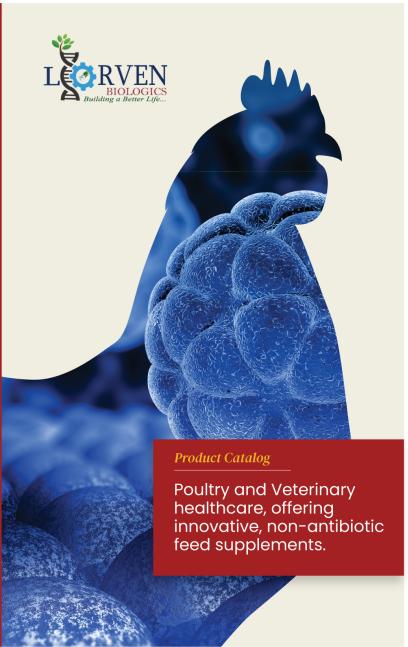

Prebiotics:
Fructo-Oligosaccharides
Xylo-Oligosaccharides
Lactulose and Inulin

Probiotics:
Isolates of Lactobacillus, Bacillus,
Saccharomyces spp.
CLASS OF HERBAL ANTI-OXIDANTS & PHYTOCHEMICALS.

Dosage:
1 kg / Ton feed for all avian species.

Presentation:
1 kg x 10 packs

Note: Not for human consumption. Not a feed supplement.
